Sir:

In accordance with 37 C.F.R. § 1.821, applicants hereby submit a Sequence Listing via EFS-Web and confirm that the Sequence Listing contains no new matter. A representative of the Electronic Business Center of the U.S. Patent and Trademark Office confirmed that when submitting the Sequence Listing via EFS-Web as a text file (i.e., a .txt file), applicants are not required to *additionally* file a “paper” copy of the Sequence Listing, and that applicants are not required to submit a statement confirming that the paper copy and computer readable form of the Sequence Listing are identical (i.e., because no paper copy is being filed).

Respectfully submitted,

Dated: April 26, 2007
